About Our Company

A Brief Story About The Company

Letsheng Holdings, founded in 2023 by Kgotso Sondo, is an innovative South African enterprise headquartered in Mpumalanga. Despite being based in Mpumalanga, the company operates nationwide, offering rental accommodation, cleaning detergents, and bulk water supply. Our services are built on the values of honesty, reliability, and affordability, with the aim of creating comfortable living spaces and clean environments for individuals, businesses, and communities.

Vision

To become South Africa's most trusted provider of affordable housing, quality cleaning solutions, and reliable water supply, uplifting communities and enhancing daily living standards.

Mission

To deliver innovative, affordable, and reliable services that address the growing demand for housing, cleanliness, and water security while prioritizing customer satisfaction and community wellbeing

Target Market

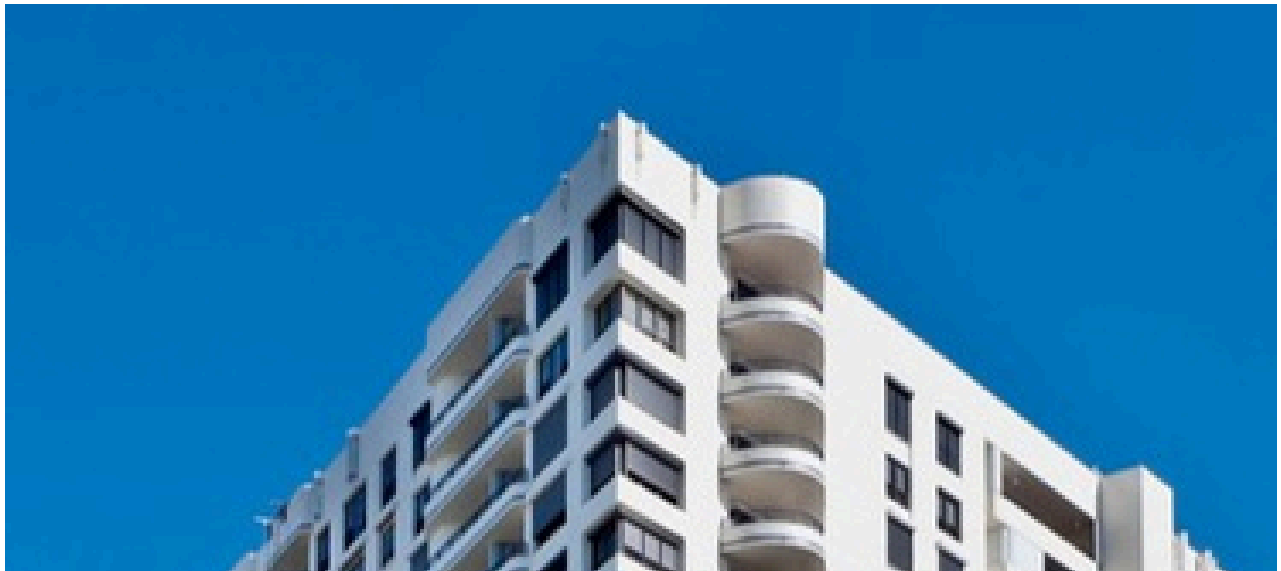

- **Rental Accommodation:**
- **Working-class individuals (teachers, nurses, police officers, clerks, factory workers, etc.) seeking affordable yet private housing.**
- **Students and young professionals in urban and semi-urban areas.**
- **Cleaning Detergents:**
- **Schools, offices, hospitality businesses, retail shops, households, and cleaning companies.**
- **Water Supply:**
- **Households, spaza shops, schools, local businesses, and rural communities in need of affordable bulk water.**

Market Analysis

- in mining towns, urban centers, and industrial hubs.
- **Cleaning Sector:** The cleaning industry is valued at over R15 billion annually. There is strong demand for industrial-grade detergents in schools, hospitals, and businesses.
- **Water Sector:** Water shortages and poor municipal supply create opportunities for private water suppliers to fill the gap with affordable, clean, and reliable bulk water distribution.

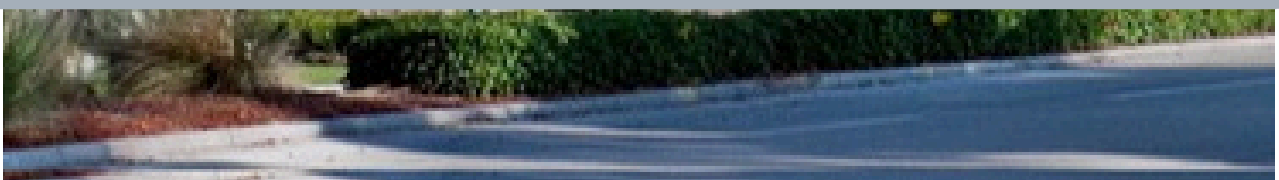

Competitive Landscape

- **Rental Accommodation:** Competes with small landlords and government housing, but stands out with private en-suites, Jojo tanks, and carports.
- **Cleaning Detergents:** Competes with brands like Sunlight, Mr. Min, Domestos, but differentiates by offering affordable bulk supplies directly to institutions and businesses.
- **Water Supply:** Competes with local water vendors, but Letsheng Holdings ensures purified, consistent, and affordable bulk supply.
-

Why Choose Us?

- Affordable and customer-focused services.
- National reach with localized understanding.
- Commitment to quality, cleanliness, and community upliftment.
- Strong values: honesty, reliability, affordability.

Operational Plan

Letsheng Holdings' operations are structured around its three core services: rental accommodation, cleaning detergents, and bulk water supply. The company will implement a phased growth approach, ensuring efficiency, scalability, and profitability.

1. Rental Accommodation

- Acquire and renovate properties into affordable rental units.
- Install Jojo tanks and carports to enhance tenant convenience.
- Employ property managers and maintenance staff to ensure smooth day-to-day operations.
- Rental collections handled through a centralized digital system for transparency.

2. Cleaning Detergents

- Source, package, and distribute industrial-grade detergents.
- Build partnerships with schools, businesses, and resellers.
- Develop a Letsheng-branded line with SABS certification (from Year 2).
- Distribution managed via in-house fleet and reseller networks.

3. Water Supply

- Operate bulk water storage and delivery network.
- Invest in purification equipment (Year 3) to reduce costs and ensure quality.
- Supply schools, spaza shops, and households through direct contracts.
- Maintain consistent delivery schedules for reliability.

4. Staffing & Management

- CEO (Founder – Kgotso Sondo): Overall strategy and leadership.
- Operations Manager: Oversees daily coordination of services.
- Finance & Admin Team: Handles accounting, rentals, and compliance.
- Sales & Marketing Team: Builds client relationships and manages distribution contracts.
- Support Staff: Property maintenance, drivers, and general workers.

5. Logistics & Infrastructure

- Initial fleet: 1 truck and 1 bakkie for detergent and water deliveries.
- Expansion of fleet as operations scale in Years 2–5.
- Properties equipped with Jojo tanks for water security.
- Warehousing for detergents and bulk water storage facilities.

6. Technology & Systems

- Digital system for rental management and payment tracking.
